Conformity information

Trust International B.V. declares that item

number 23809 is in compliance with Directive

2014/53/EU - 2011/65/EU

The full text of the EU declaration of conformity is

available at the following web address:

www.trust.com/compliance

Disposal of packaging materials

The packaging protects the device from damage

during shipment. The packaging materials have

been selected for their environmental friendliness

and ease of disposal and are therefore recyclable.

Returning the packaging to the materials cycle

conserves raw materials and reduces the amount

waste that is generated. Dispose of packaging

materials which are no longer needed in

accordance with applicable local regulations.

Disposal of the device

The adjacent symbol of a crossed-out wheelie bin

means that this device is subject to Directive

2012/19/EU. This obligation means that this device

may not be disposed of in normal household waste

at the end of its useful life, but must be handed

over to specially set-up collection locations,

recycling depots or disposal companies. This

disposal is free of charge for the user. Protect the

environment and dispose of this device properly.

You can obtain further information from your local

disposal company or the city or local authority.

Disposal of batteries

Used batteries must not be disposed of in

household waste. All consumers are required by law

to dispose of batteries at a collection point

provided by their local community or at a retail

store. The purpose of this obligation is to ensure

that batteries are disposed of in a non-polluting

manner. Only used batteries when they are

fully discharged. Cover the poles of partially

discharged batteries with tape to prevent short

circuits.
